2. My sister and my brother
Gather here to meet our Mother
And to follow Her within to meet the Master;

Whose path is all divine
As long as we stay in our line
And keep examining our heart, avoid disaster.

3. Whoever wants can run
But by the time the day is done^
Everybody will be judged for what we're feeling;

Let's be healed - here comes the sun!
It warms and blesses everyone /
And illuminates our conscience for revealing.

4. Let's now bow down in awestruck grace
Eternal God's light on our face
And with the Love of Jesus Christ so deep within^

I now give away my life
With all its suffering and strife
That now eternal life in Heaven can begin.^
